

Introducing the **SCS** Surface Canopy Square

SCS

Die-cast aluminum construction
Impact-resistant polycarbonate lens
Quick mount surface bracket included

SCSR

Powder Coated Aluminum Cover Plate for
reduced installation weight
(Recessed option only)

CONTACT US TODAY!

Quick mount design simplifies
installation

Standard twist lock receptacle
simplifies adding controls

Low profile is ideal in applications
with low mounting heights

PowerSet feature allows for multiple
“set and forget” lumen stops

Up to 150 lpw ultra-high efficiency
delivers superior performance

Rated lifetime:

L80 >72,000hrs @ 50°C

L90 >40,000hrs @ 50°C

PowerSet: 60/40/25W;
7,400/5,200/3,350 lm

70W; 9,725 lm

4000K, 5000K CCT

CRI: >80

Input voltage: 120-277V

0-10V dimming to <10% with
dim-to-off capability

Power Factor: >0.9

THD: <20%

-40°F to 122°F (-40°C to 50°C)
operating temperature

Optional field installed “garage” lens,
optimizes the light distribution for
garage applications

Optional recessed version allows
SCS to be installed flush to ceilings,
soffits, and over hangs.

RoHS
Compliant

IP65

IK10
