

With or Without Motion Sensor

15W & 23W / 120VAC

Up to 1750 lumen

3000K & 4000K

## FM-Series Residential Flush Mount with Integrated Motion Sensor

The FM-Series Flush Mount Residential Fixture is one of the most popular fixtures sought after by the commercial property market: a modern, round flush mount fixture that replaces 2 or 3-lamp incandescent ceiling fixtures with the option of an integrated motion sensor.

The biggest challenge customers face is the dreaded scarring the old fixture they are replacing leaves behind, often leading to costly paint jobs and delays. Slightly oversized, the FM-Series solves this problem by helping to completely cover the previous footprint.

### Key Features & Benefits

- Uses high quality Lumileds LED chips
- Over 80% energy savings vs. an incandescent
- Achieve additional energy savings via the customizable motion sensor
- Integrated Motion Sensor to detect motion 2-3 fixtures ahead as someone approaches the hallway (optional)
- Designed for 24/7 operation and backed by a 10 year warranty
- Projected lifetime  $L_{70}$  of >50,000 hours
- Equivalent to a 2 or 3-lamp fixture
- Popularly used in apartments, condos, hotels and dormitories

## WHY CHOOSE THIS FIXTURE?

### OVERSIZED FOOTPRINT

Helps to cover any scarring left by the previous fixture for quick retrofits—no need to repaint!

### MODERN FINISH

Contemporary and sleek silver trim with white diffuser makes it great for any interior

### INTEGRATED MOTION SENSOR

The MS model adds an integrated motion detector to detect motion from up to 25 feet away in any direction and can be linked to light up a hallway, 2-3 fixtures ahead

### SOFT DIFFUSER LENS

Reduces glare and provides even light distribution
