WPM MINI WALL PACK

The Mini Wall Pack features FieldCCeT, Color Select Technology, designed to simplify SKU management and enhance field customization. The FieldCCeT system offers five selectable CCT settings, providing versatility for various lighting applications.

FIELD CCeT · INTERTEK ETL LISTED US · RoHS Compliant · IK08 · IP65 · DIMMABLE · WET LOCATION · 3 YR LIMITED WARRANTY

FEATURES AND BENEFITS

PERFORMANCE
- Color Select Technology for simplified SKU management and field customization.
- FieldCCeT – 5 CCT settings (2700/3000/3500/4000/5000K)
- Optimized for standard 120V input voltage
- 2,400 lumens
- Diffused polycarbonate lens for reduced glare (beam angle 100 degrees).
- Technical performance:
- CRI >80
- Efficacy up to 120 LPW
- Rated Life: 25,000 hours
- Surge Protection: 1kV included

INSTALLATION
- Mounted to a junction box using a hinged door mounting plate, secured with a single screw to lock the wall pack in place. Foam pad included.

CONTROLS
- Pre-installed photocell. Photocell can be disabled via DIP switch.

APPLICATIONS

- Entryways
- Garages
- Plazas
- Storage facilities
- Outdoor stairwells
- Perimeter lighting
