

GRID FRAME LIGHT - PERIMETER ILLUMINATION

The EiKO Grid Frame Light (GFL) delivers architectural style perimeter illumination in a single-piece design that drops directly into standard T-grid ceilings without field assembly.

FEATURES & BENEFITS

- Single-piece design eliminates field assembly time.
- Perimeter illumination creates seamless light distribution.
- Delivers equivalent light output to standard panels despite perimeter-only illumination.
- Standard T-grid integration in 1x4, 2x2, and 2x4 sizes.
- Field-selectable power (PowerSET) and color temperature (ColorSET).
- 120-347V compatibility for US and Canada markets.
- 130 lm/W efficiency with DLC Premium qualification.
- 0-10V dimming and 5-year warranty.

NAME	SIZE	VOLTAGE (V)	WATTS (W)	LUMENS (lm)	CCT (K)
